

NAALAIYA THIRAN – REAL TIME COMMUNICATION SYSTEM FOR SPECIALLY ABLED POWERED BY AI

WEEK – III REPORT

Activity 2.3 - Prepare Empathy Map Canvas

The Team was required to sit down and build an Empathy Map Canvas which is used to capture the user's pains and gains. Firstly, we got to know how the Empathy Map and each section in Empathy map works as it was a new concept to everybody in our team, Then we used the Mural Website to build the Empathy map, we came up with two points for each section in the Empathy map. We thought it was a nice of capturing users views about our product.

Activity 2.4 – Attend the Technology Trainings

We attended the Technical Sessions that took place on 09-09-2022, where in we went through various python libraries such as numpy, pandas and seaborn. We were also given a quiz regarding the concepts that was taught on that week's technical sessions.
