

NAALAIYA THIRAN – REAL TIME COMMUNICATION SYSTEM FOR SPECIALLY ABLED POWERED BY AI WEEK – IV REPORT

Activity – 2.5 Organize a Brainstorming Session

The Team was required to sit down and organize a brainstorming session where we basically come up with plans to enhance the existing model to provide a sense of uniqueness to the project. Each came up with their own ideas and we discussed the benefits and limitations of each of them and shortlisted the top 3 ideas.

Activity – 2.6 Attend the Technology Training

We attended the Technical sessions that took place on 14-09-2022 and 16-09-2022, Where in the first session we covered the topics Data frame, Data Visualization, Data wrangling and Data Pre processing and in the second session we covered the topic Artificial Neural Network.
